

Joan Technologies Ltd. – Health and Safety Policy

Introduction

Joan Technologies Ltd. is committed to maintaining a safe and healthy work environment for all employees, contractors, and visitors. We believe that health and safety are essential to our operational excellence and contribute to a positive and productive workplace. This policy outlines our approach to identifying, managing, and mitigating health and safety risks in all areas of our operations.

Objectives

Our Health and Safety Policy aims to:

1. Protect employees, contractors, and visitors from workplace hazards.
2. Promote a culture of health and safety awareness.
3. Ensure compliance with health and safety legislation and standards.
4. Minimise environmental impact through sustainable practices.

Scope

This policy applies to all Joan Technologies Ltd. locations, including corporate offices, remote work environments, and any on-site client locations where Joan Technologies personnel operate.

Policy Details

1. Safety Management

- **Risk Assessment:** We conduct regular risk assessments to identify potential hazards and establish control measures to prevent accidents.
- **Emergency Preparedness:** Emergency protocols, including fire evacuation plans, first-aid provisions, and incident reporting systems, are established and regularly reviewed.
- **Equipment Maintenance:** All equipment is regularly inspected and maintained to ensure it is safe for use.
- **Personal Protective Equipment (PPE):** PPE is provided as needed, and employees are trained on its proper use and maintenance.

2. Employee Health and Safety Training

- **General Training:** All employees receive training on health and safety policies during onboarding, covering workplace hazards, safe working practices, and emergency procedures.
- **Role-Specific Training:** Employees in roles with specific risks, such as technical or on-site roles, receive additional training tailored to their job requirements.
- **Ongoing Education:** Regular workshops, refresher courses, and health and safety communications are provided to ensure all employees are up-to-date on best practices.

3. Work Environment Standards

- **Ergonomics:** Workstations are designed to support ergonomic health, reducing the risk of repetitive strain injuries. Employees are encouraged to request ergonomic adjustments or accessories as needed.
- **Hygiene and Cleanliness:** Our facilities maintain high standards of cleanliness and hygiene. We provide sanitary equipment, including hand sanitisers, and conduct regular cleaning schedules.
- **Mental Health Support:** Joan Technologies promotes mental well-being through support resources, including access to mental health programmes and employee assistance services.

4. Reporting and Continuous Improvement

- **Incident Reporting:** Employees are encouraged to report any health and safety concerns, accidents, or near misses. Reports are thoroughly investigated to identify causes and implement corrective actions.
- **Feedback Mechanism:** Employees can provide feedback on safety issues or suggest improvements. This feedback is considered an essential part of our continuous improvement process.
- **Audits and Reviews:** Regular audits of health and safety practices are conducted to ensure compliance with this policy and identify areas for improvement.

5. Responsibilities

- **Management Responsibilities:** Joan Technologies' management team is responsible for providing resources, training, and support to meet the goals of this policy. Management reviews safety performance and ensures that health and safety are integrated into daily operations.

- **Employee Responsibilities:** Employees are expected to follow all health and safety protocols, participate in training, report hazards or incidents, and use protective equipment responsibly.
- **Safety Committee:** A dedicated committee oversees health and safety initiatives, reviews incidents, and collaborates with management to enhance safety measures.

Compliance with Regulations

Joan Technologies Ltd. complies with all relevant health and safety laws, regulations, and standards in the regions where we operate. We stay informed of any changes in legislation to ensure our policies remain up-to-date and compliant.

Review and Updates

This policy will be reviewed annually and updated as necessary to reflect changes in operations, legislation, or industry best practices. We are committed to adapting our safety procedures to meet evolving workplace needs and regulatory standards.
